

Storm Drain Medallion Program Seeks Volunteers Year Round

New Storm Drain Medallion Program

For several years Hempstead Town has been working with volunteer groups to place medallions on local storm drains to let people know that nothing but rainwater should go into our drains.

This program is being expanded to target improper pet waste disposal and we need your help! We are looking for individual or groups to help us place medallions at storm drain locations. Hempstead Town will provide volunteers with medallions, gloves and adhesive.

In addition, the town will furnish training on how to install the medallions and maps of storm drain locations. **To find out more or to volunteer, please call (516) 897-4113.**

Report an Environmental Complaint

If you wish to report an environmental complaint please use our online [Helpline](#) or, during normal business hours, you may call Supervisor Murray's Helpline at (516)489-6000. After hours contact the [Department of Public Safety](#) at (516) 538-1900.
